About Kneat

Kneat, develops and markets the next generation Kneat Gx software platform. Multiple business processes can be configured on the platform from equipment to computer system validation, through to production record execution and quality document management. Kneat Gx allows users to author, review, approve, execute testing online, manage any exceptions and post approve final deliverables in a controlled FDA 21 CFR Part 11/ Eudralex Annex 11 compliant platform. Macro and micro report dashboards enable powerful oversight into all systems, projects and processes world wide. Customer case studies are reporting productivity improvements in excess of 100% and a higher compliance standard. For more information visit www.kneat.com.

About the Conference

The Bloom Burton & Co. Healthcare Investor Conference brings together U.S., Canadian and international investors who are interested in the latest developments in the Canadian healthcare sector. Attendees will have an opportunity to obtain corporate updates from the premier Canadian publicly traded and private companies through presentations and private meetings.
