

## **kneat.com, inc. Signs Leading Logistics Supplier**

November 14, 2018 1:00 PM EST

HALIFAX, November 14, 2018/CNW/ – kneat.com, inc. (TSX-V: KSI) (“Kneat”) is pleased to announce it has signed a multi-year, global contract with one of the largest logistics suppliers in the world. This new customer will implement Kneat’s software as a service (‘SaaS’) platform to enable a compliant, paperless process for its computer systems validation (“CSV”) activities in the life sciences industry. Kneat’s software supports Pharmaceutical Good Distribution and Manufacturing Practices (“GDP and GMP”) regulations to validate all computer systems used within our customer’s life sciences operations. Implementation will start immediately at a strategic location in the United States with go-live expected in the second quarter of 2019.

“Our new customer will utilize Kneat’s platform to implement a best-in-class, compliant solution in an efficient and cost-effective manner to meet regulatory standards,” said Eddie Ryan, Chief Executive Officer of Kneat. “The importance of data integrity and compliance impacts the entire supply chain to the life sciences industry. We look forward to working with this global leader to transform the way their CSV is executed.”

Kneat continues to expand its customer pipeline and will report on further developments as they occur.

### **About Kneat**

Kneat, develops and markets the next generation Kneat Gx software platform. Multiple business processes can be configured on the platform from equipment to computer system validation, through to production record execution and quality document management. Kneat Gx allows users to author, review, approve, execute testing online, manage any exceptions and post approve final deliverables in a controlled FDA 21 CFR Part 11/ Eudralex Annex 11 compliant platform. Macro and micro report dashboards enable powerful oversight into all systems, projects and processes world wide. Customer case studies are reporting productivity improvements in excess of 100% and a higher compliance standard. For more information visit [www.kneat.com](http://www.kneat.com).
