

Kneat Customer Purchases Additional Licenses

July 23, 2018 12:00 PM EDT

HALIFAX, July 23, 2018/CNW/ – kneat.com, inc. (TSX-V: KSI) (“Kneat”) is pleased to announce that one of its customers has further expanded its user base of the Kneat Gx platform by purchasing additional on-premise licenses. This order represents a twenty-eight percent increase in licenses purchased and it follows a fifty percent expansion which occurred earlier in the year. Our customer, a leader in molecular diagnostics, is utilizing Kneat Gx to manage its paperless computer system validation and change management processes. Kneat’s platform is easily scaled to multiple processes and plants, without the need for coding, allowing customers to seamlessly deploy and increase their user base.

“It’s encouraging that our customer has again decided to expand its use of Kneat Gx while achieving full regulatory compliance in a paperless environment,” said Eddie Ryan, Chief Executive Officer of Kneat. “By using Kneat Gx our customer is realizing efficiencies, including time and cost savings, as they digitize their processes.”

Kneat continues to expand its customer pipeline and will report on further developments as they occur.

About Kneat

Kneat, develops and markets the next generation Kneat Gx software platform. Multiple business processes can be configured on the platform from equipment to computer system validation, through to production record execution and quality document management. Kneat Gx allows users to author, review, approve, execute testing online, manage any exceptions and post approve final deliverables in a controlled FDA 21 CFR Part 11/ Eudralex Annex 11 compliant platform. Macro and micro report dashboards enable powerful oversight into all systems, projects and processes world wide. Customer case studies are reporting productivity improvements in excess of 100% and a higher compliance standard. For more information visit www.kneat.com.
