### About Kneat

Kneat, a Canadian company with operational headquarters in Limerick, Ireland, develops and markets the next-generation Kneat Gx SaaS platform. Multiple business work processes can be configured on the platform from equipment to computer system validation, through to quality document management. Kneat's software allows users to author, review, approve, execute testing online, manage any exceptions, and post-approve final deliverables in a controlled FDA 21 CFR Part 11/ EU Annex 11 compliant platform. Macro and micro report dashboards enable powerful oversight into all systems, projects and processes globally. Customer case studies are reporting productivity improvements in excess of 100% and a higher data integrity and compliance standard. For more information visit [www.kneat.com](https://www.kneat.com)

### About Virtual Investor Conferences®

Virtual Investor Conferences (VIC) is the leading proprietary investor conference series that provides an interactive forum for publicly traded companies to seamlessly present directly to investors.

Providing a real-time investor engagement solution, VIC is specifically designed to offer companies more efficient investor access. Replicating the components of an on-site investor conference, VIC offers companies enhanced capabilities to connect with investors, schedule targeted one-on-one meetings and enhance their presentations with dynamic video content. Accelerating the next level of investor engagement, Virtual Investor Conferences delivers leading investor communications to a global network of retail and institutional investors.
