LIMERICK, Ireland, Sept. 25, 2025 (GLOBE NEWSWIRE) -- **kneat.com, inc. (TSX: KSI) (OTCQC: KSIOF)**, a leader in digitizing and automating validation and quality processes, is pleased to announce that a leading multinational manufacturer of advanced devices and components including industrial, consumer, and MedTech, ("the Company") has signed a Master Services Agreement with Kneat.

Headquartered in the United States, the Company employs more than 30,000 people and has a presence in over 30 countries worldwide. As part of this agreement, the Company will implement the Kneat Gx platform initially for two critical use cases: Computer Systems Validation across its own enterprise applications; and Commissioning, Qualification and Validation at 18 manufacturing sites within its dedicated medical and healthcare affiliate.

"This strategic win highlights Kneat's unique ability to digitize the full spectrum of validation processes, from manufacturing equipment through to enterprise-wide IT systems," said Eddie Ryan, CEO of Kneat. "It underscores the power of our platform to deliver compliance, efficiency and scalability not only within the pharmaceutical industry but across the broader life sciences sector. We look forward to working with this innovation leader to deliver on their efficiency and compliance goals."

This agreement further expands Kneat's validation footprint within highly regulated processes and reinforces its position as the platform of choice for global leaders seeking to streamline quality, compliance and operational performance at scale.
